

# D type plastic buckets

This durable elevator bucket has standard reinforcements on front lip and side walls. This version also has a large volume.

The D-type buckets are robust and thus highly suitable for raw materials as well as other industrial applications. Available in HDPE and nylon.

Plastic elevator buckets type D (parameters in mm)

Type	Size/weight		Volume				Max. bckts/m			
	b	a	h1	h2	t	Kg		Z2	Z3
